"Train a child in the way he should go and when he is old he will not turn from it." Proverbs 22:6

April 22, 2021

Dear Parents,

We are sending this note to inform you that the school has been in contact with the Jefferson County Department of Health regarding a probable case of potential exposure of COVID-19 that occurred April 21-22, 2021 in the school. The result of the call was the following:

- The individual who was deemed probable for COVID-19 by the DOH is currently under quarantine.
- After contact tracing procedures, individuals who need to quarantine have been contacted and provided instructions to quarantine. There is no need at this time for other individuals present in school on those days to quarantine.
- Despite the fact that quarantine for others is not warranted at this point, families must be informed that some risk of exposure still remains. Please monitor your children closely for symptoms over the next couple of weeks.
- Please notify the school office and your healthcare provider if you or your child develops symptoms that might be COVID related.

Thank you for your attention to this important matter. At this time we have no plans to close the entire school, as those affected have been quarantined. If you have further questions about the situation, please direct them to the school office.

In His Service,

Mrs. Brenda Troutman
Administrator
